Objective

I am a motivated Salesforce Developer, Web Developer, and Business Manager with hands-on experience in Salesforce development, SAP ERP solutions, and cloud-based DevOps practices. Skilled in Apex, LWC, HTML, CSS, JavaScript, Python, and AWS, with proven ability to coordinate cross-functional teams, manage project lifecycles, and deliver scalable enterprise solutions. I am seeking a role that will allow me to continue learning in both IT and Business Management, while helping me gain valuable workplace experience and perfect my technical and managerial skills as I deliver high-quality work. Passionate about driving innovation, optimizing business processes, and expanding expertise across web development, cloud platforms, and ERP systems. I am also willing to relocate for the right opportunity.

Education

- Xtensive Academy** 2024
Information Technology Systems Development NQF LEVEL 5
- Central Johannesburg TVET College** 2023
National Certificates in Business Management(N4-N6)
- Jim Chavani High School** 2016

Bachelor

Experience

- Quarphix Corporation** August 2024 - Present
Salesforce Developer
-Developed Lightning Web Components (LWC) using HTML, CSS, and JavaScript, along with Apex classes, Flows, and API integrations.
-Utilized SOQL and SOSL to query and manage Salesforce data efficiently.
-Customized Salesforce with declarative tools (Process Builder, Validation Rules, Page Layouts, etc.).
-Applied Java for backend logic in integration tasks and supporting Salesforce-related projects.
-Implemented DevOps practices on the SquadEx website project using AWS, Terraform, GitHub Actions, and CloudWatch.
- Ndungunya Ent.** March 2025 - Present
Project Manager
-Coordinate cross-functional teams to deliver SAP solutions that support key business functions, including Finance, HR, and Operations.
-Manage project timelines, stakeholder communication, testing cycles, and go-live support to ensure successful SAP implementations.
-Oversee project documentation, generate invoices, and track timesheets to support smooth project operations.
-Act as a liaison between business stakeholders and technical teams, ensuring requirements are clearly defined and delivered.
- Chris J Botha Secondary School** October 2022 - April 2023
-Registered learners and captured results using SA-SAMS.
-Assisted with learner admissions, attendance, and marks management.
-Provided technical support for teachers and learners in the computer lab.
-Installed, updated, and troubleshoot software and hardware.
-Helped staff use Microsoft Office.
-Maintained internet and network connectivity.
-Supported digital learning by helping teachers integrate ICT tools.
-Ensured safe, secure, and responsible use of ICT equipment.
